

Learning Objectives: Every session should have 2 to 3 objectives. Each statement begins with a verb that is measurable and is followed by the expectation for the student. They are statements of what your students will be able to do when they have completed their instruction.

Level of Learning					
Knowledge – Assess by direct questions. Test their ability to recall facts, identify & repeat information provided.	Acquire Define Distinguish Identify	Indicate Label List Mark	Match Name Note Order	Recall Recognize Report Reproduce	State Select Show
Comprehension – Assess their ability to 1) restate material in their own words, 2) reorder ideas or predict. They must demonstrate some understanding or comprehension of the topic.	Classify Convert Comprehend Describe Discuss	Explain Express Formulate Give Example	Identify Illustrate Indicate Interpret Outline	Paraphrase Represent Restate Review Select	Summarize Transform Translate
Application – Assess by presenting a situation similar to that used during instruction and have them apply their knowledge to solve the problem.	Apply Change Compute Construct Demonstrate Design	Develop Employ Explain Formulate Generalize Illustrate	Implement Instruct Interpret Investigate Operate Perform	Plan Predict Prepare Produce Repair Relate	Revise Select Sequence Show Solve Use Utilize
Analysis – Assess by presenting a situation similar to that used during instruction, have them analyze the situation, & describe an appropriate solution.	Analyze Appraise Arrange Assign Calculate Categorize	Classify Compare Contrast Debate Detect Determine	Differentiate Discover Discriminate Dissect Distinguish Estimate	Examine Explore Identify Interpret Investigate Observe	Order Outline Recognize Select Sort
Synthesis – Present a situation similar to that used during instruction, & have them problem-solve by selecting and using the appropriate information	Arrange Assemble Blend Build Categorize Classify	Compare Compile Conclude Construct Contrast Design	Devise Discuss Formulate Generalize Integrate Modify	Organize Plan Prepare Produce Propose Relate	Reorganize Restate Specify Summarize Write
Evaluation – Assess by presenting a situation which includes both a problem and a solution & have them justify / critique the solution.	Appraise Assess Check Choose Compare	Contrast Criticize Debate Defend Determine	Discriminate Distinguish Estimate Evaluate Interpret	Judge Justify Measure Rank Rate	Revise Select Support Verify
